

DM133

16 Channel
Constant Current
LED Driver with
LED Fault
Detection

Application

- Traffic related LED Dot Matrix Application
- Full-Color LED Display

Features

- 16 Channel Outputs: 5~60mA driving capability
- LED Open Detection
- Thermal Alarm
- 6 Bits Current Adjustment for Global Brightness Control
- Power Supply Voltage : 3.3V ~ 5V

HSOP 28
SSOP 28
QFN 32
