

Li/SOCl₂ Model: ER34615 (D)

Performance data(at25°C)

Rated capacity (3mA to 2V).....19Ah

Rated voltage.....3.6V

Max. Continuous operating

Current.....200mA

Max. Pulse current.....400mA

Battery weight.....106g

Battery dimension... Φ 34.2*61.5mm

Operating temperature...-55°C~+85°C

Terminals available:

AX-----axial leads

T-----welding pins

P-----plastic plug

Special design is acceptable

Data above is for reference
